NEW YEAR MESSAGE

‘Let the New Year bring prosperity to everybody’

Tamil people welcome this New Year with various expectations and hopes. It is difficult for them to forget the unfortunate experiences which they had in the past. They are now consoled that normalcy will return to them very soon. However, they have not been able to achieve the same as expected. They still hope that they will very soon be able to start their lives with independence and self respect. That is the dream of the Tamil people. Let that dream be fulfilled at least in the New Year to dawn.

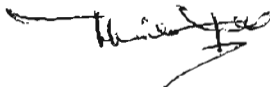

All Ceylon Hindu Congress had been helping our brothers and sisters who had faced various calamities ending with the recent floods. Their prayer to His Almighty is ‘what we have gone through is enough, please bless us with peaceful and prosperous lives.’

We also pray on behalf of the Hindus of this country that all the sufferings the Tamils had been experiencing in the past should come to an end with a political solution to satisfy their aspirations in the New Year.

We pray to His Almighty Sivakami Samedha Nadaraja Peruman to remove all the darkness and bless our people with prosperous lives.

We take this opportunity of making an appeal on the eve of this New Year to our brothers and sisters who are living abroad and also to Hindu Institutions all over the world to come forward and help our brothers and sisters and in particular the younger generation in the Universities and other educational institutions to improve their education and at the same time it is our duty to take them forward in a spiritual way.

All Ceylon Hindu Congress has now planned to conduct a Saiva Preachers training course in our Jaffna Regional office to be inaugurated in May 2011 and also to extend our services through the Sivathondar Movement. Service to mankind is the real prayer to His Almighty. That is the motto of the Sivathondar Movement. We plan to have a Sivathondar Conference in Jaffna on the 27th and 28th May 2011 and appeal to everyone to join us in our efforts of service.
